## ABU GARCIA® CS PRO ROCKET—BLACK EDITION

### Rock Solid Performance

For decades, the Abu Garcia Pro Rocket has been sought out by anglers across the globe who are looking for the ultimate long distance casting reel. With the newest installment of the 6500 CS Pro Rocket *Black Edition*, the international superstar steps up to the plate with upgraded features and components.

Increased stainless steel bearing count and the powerful Carbon Matrix™ drag system make the CS Pro Rocket Black Edition the choice for anglers looking for extra long castability and power.

Anglers will notice a more ergonomic feel to the Black Edition CS Pro Rocket with the addition of a compact bent handle and star. The six pin centrifugal brake gives consistent brake pressure throughout the cast. The CS Pro Rocket Black Edition also features a synchronized level wind system that improves line lay and castability.

The CS Pro Rocket Black Edition has a monofilament line capacity of 275 yards of 14 pound and 310 yards of 30-pound braided line. This reel is available in right hand retrieve with a gear ratio of 5.3:1. MSRP for the Abu Garcia CS Pro Rocket Black Edition is \$199.95.

For complete specifications and information on the new CS Pro Rocket Black Edition, and other products from Abu Garcia, visit [www.abugarcia.com](http://www.abugarcia.com).
